Professional Summary

UCSD Computer Science (BS, Math minor) candidate with a 3.647 GPA and a focus on frontend engineering (React, Next.js) and machine learning (PyTorch). Experienced in building production-ready ML models and scalable web architectures, with a proven track record of delivering high-impact solutions during engineering internships.

Work Experience

Intern

Jun 2026 – Sep 2026

Packet Micro • Santa Clara, CA

- Built a cable-matching model that scores pair similarity from TDR curve features, with weights fit to engineers' past decisions (Python, SciPy, FastAPI, React)
- Rebuilt and deployed the company website using React and Next.js, improving mobile responsiveness and SEO while utilizing Cursor AI to accelerate development workflows.
- Added more pages for the website reflecting changes in their product
- Collaborated with engineers on feature shipping and bug fixes using Git and GitHub workflows to ensure version control and code quality.

Intern

Jun 2025 – Sep 2025

Packet Micro • Santa Clara, CA

- Rebuilt the public website using React and Next.js, significantly improving UI responsiveness and component structure for better user experience.
- Refactored frontend code into reusable components and implemented routing and redirects to preserve legacy links and maintain SEO integrity.

Mentor-Mentee Mentor

Sep 2025 – Present

UCSD Scholars Society • La Jolla, CA

- Mentor first-year students on course selection, campus resources, and study strategies to accelerate academic onboarding.
- Advise members on technical coursework and project selection to improve engagement and retention.

Hack Squad

Sep 2025 – Present

UCSD Association for Computing Machinery • La Jolla, CA

- Teach weekly web development workshops using Mongoose, HTML, CSS, and React to guide students through full-stack project development.

Bit-Byte Mentor

Sep 2025 – Present

UCSD Association for Computing Machinery • La Jolla, CA

- Mentor a first-year student on CS fundamentals, Git workflows, and project scaffolding to support transition into the major.
- Provide ongoing code-review guidance and debugging assistance to accelerate learning and project delivery.

Academic Co-Chair
Sep 2025 – Present

UCSD Scholars Society • La Jolla, CA

- Lead academic subcommittee to plan lectures, study sessions, and workshops featuring faculty and alumni speakers.
- Coordinate volunteer teams and logistics for campus events to increase scholar engagement.

Classroom Mentor
Jan 2026 – Apr 2026

Walker Elementary School Classroom Mentor • San Diego, CA

- Mentored first-grade students during class activities, supporting reading, math, and social development in small-group settings.
- Collaborated with teachers to reinforce lesson goals and support student learning outcomes.

Scholars Welcome Series Academic Co Chair
Jan 2025 – Apr 2025

UCSD Scholars Society • La Jolla, CA

- Organized lab sessions and workshops with UCSD faculty to engage prospective scholars and coordinate volunteer leaders.
- Secured a keynote speaker and managed event logistics to support academic outreach.

Education

University of California San Diego
Sep 2023 – Jun 2027

Computer Science | BS

Minors: Mathematics

GPA: 3.647

Regents Scholar; Provost Honors

Skills

Languages
Python, Java, JavaScript, C++, SQL

Frontend
React, Next.js, HTML, CSS

Machine Learning
PyTorch, Deep Learning, Machine Learning

Backend & Tools
PostgreSQL, MySQL, MongoDB, Mongoose, VS Code, Node.js, Git, GitHub
